Betty's Garage

■ Don't forget the ladies on your gift-giving list this holiday season! Tired of the lack of "racy" clothing available for women who love motorsports, clothing designer and auto enthusiast, Kristi Chatham, decided to meld her two passions, clothes and cars, into a line of race-inspired clothing that women everywhere could love. All of the pieces available in the Betty's Garage line feature top quality materials, made in the U.S.A., and are crafted to fit a variety of figures from sizes 6 to 16. The clothes are figure flattering and range from the fitted, sateen Betty's Racer top to the Pit Girl pants with checkered side detail. Logo T-shirts, a cute clutch with metal auto logo and even a men's mechanic shirt round out the line. To see more of what's doin' at Betty's Garage, log on to www.bettysracegarage.com, and look for them at select motorsport events and car shows.
